

# TMC LINE BLINDS

TMC SLIDE TYPE LINE BLINDS WITH POSITION  
INDICATING SWITCHES

TMC Line Blinds are designed to meet full ANSI rating and do not spread the pipeline. The blind design can be swinging or sliding. **Easy, quick** one person operation. **No tools** required. **No spreading** of the line. Visual indicator of line condition. Blind **guarantees** zero downstream leakage.

TMC 6" 900# HIGH TEMP SLIDING TYPE LB
